EXTRAVAGANCE DECLINING

Pawnbrokers There Say Increase of Their Business Shows Crest Has Passed

Chicago, Aug. 4.—With high priced goods growing scarcer every day, the men of high, wide and easy spending ways the wage earning public is nearing an end, according to men who make salary loans to wage earners, and who claim that their business better than any other, reflects the financial position of the every-day citizen—the wage earner with a steady job and the salaried man with a limited income.

For the last two years, and particularly for the last year, some of the personal loan specialist say, they have been keeping their shops open chiefly because they had to pay the rent. Everybody had money and nobody wanted any. Old accounts were paid up and new ones were not opened. Most of the persons who came looking for cash were unfortunate salaried men whose incomes had got left at the post in the grand handicap with the H. C. of L., and most of them did not impress the money lenders as good risks. But within the last month all this has changed.

VIRGINIA ENGINEER DIES

Isham Randolph, Builder of Obelisk Dam Above Niagara Falls, Passes Away.

Chicago, Aug. 4.—Funeral services for Isham Randolph, widely known engineer who built the Illinois drainage canal, "The Obelisk" dam above Horseshoe Falls, Niagara, and the harbor system at Miami, Fla., were held here today. Mr. Randolph died here Monday night at the age of 72. Burial will take place at Old Chapel, Va.

Mr. Randolph was born on a farm near New Market, Clarke County, Va., March 25 1848, being a son of Dr. Rovert C. and Lucy Nelson (Wellford) Randolph.

FIGHT "OPEN SHOP"

Surprised at Activity of Commerce Chamber in Labor Affairs

Atlantic City, N. J., Aug. 4.—At yesterday afternoon's conference of the executive council of the American Federation of Labor the "open shop" movement was discussed, speakers declaring it would be vigorously combatted by organized labor.

"The open shop is a fiction. A shop is either union or nonunion," declared Vice President James Duncan, of Quincy, Mass.

"There is not and can not be, so far as organized labor is concerned, an open shop. Under organized labor's interpretation there are but two kinds of shops."

What the labor chiefs termed the "surprising activity" of the United States Chamber of Commerce in labor matters, is to be the subject of a statement, it was said, after Mr. Gompers and his associates have had an opportunity to study in detail the proposals contained in two referendums, under which the chamber recently polled the trade bodies of the country. The vote for the "open shop" was overwhelming.

ARGENTINA HOLDS SUGAR

Stops Export Trade in That Crop and Also in Wheat.

Buenos Aires, Aug. 4.—The further export of sugar from Argentina has been forbidden by a decree of President Irigoyen, the limit of 100,000 tons, for the export of which permission was given last May, having been reached and domestic prices having advanced to excessive figures.

It is estimated that more than 75,000 tons of the total exported was contracted for by interests in the United States.

The Government also has forbidden the further export of wheat, because the 500,000 tons recently fixed as a limit has been exported. It was stated that an exception had been made in the case of a certain foreign Government on contracts for which the wheat remained in Argentina.

To Regulate Fuel

Chamber of Commerce to Appoint Committee of Three.

At a meeting of the Board of Directors of the Chamber of Commerce held yesterday afternoon a committee of three was appointed to act in conjunction with similar committees appointed from other cities in the State. It was brought out at this meeting that there was no acute coal shortage in Alexandria at this time that the supply was normal, the prices fair and that there had been no profiteering, the committee however, is desirous of keeping in close touch with the general committee of the State and co-operate with them in every way possible. The local committee is appointed to hold down prices and keep up the supply, in doing this it is necessary to impress upon the community that strict economy should be enforced, the local committee will receive and thresh out the complaints of the consumers of high prices for coal or excessive delays in, or failure of deliveries of coal under contract.

They will be the effective machinery through which, with the co-operaton of the producers and the railroads they hope to gather the authentic and specific information about excessive charges being made for coal, and all authentic complaint giving full details will be taken with the proper representative of the coal operators. It will be the function of this committee to aid the consumer of coal to get an ample supply of coal at the fairest and most reasonable price.

BREST-LITOVSK TAKEN BY REDS

Soviet Main Army Now Only 48 Miles From Warsaw

ARMISTICE AT AN END

Bolshevists Forty-Eight Miles From Warsaw, Following Disastrous Defeat of Polish Army.

Paris, Aug. 4.—Word was received here yesterday that the First and Fourth Polish armies, defending Warsaw, had been disastrously defeated by the Bolsheviki and were in full retreat, with the main Russian army 48 miles from the Polish capital.

Foreign Office advices said the Polish counter-offensive near Brody had collapsed and that there was fierce fighting between the Bug and Marow rivers.

Armistice negotiations between the Poles and the Bolsheviki have been broken off and the Polish delegates are returning to Warsaw, according to Foreign Office advices.

The Bolsheviki demanded that the Polish delegates discuss peace terms. To this the Poles replied that they were only authorized to deal with the armistice conditions.

London, Aug. 4.—Armistice negotiations between the Poles and the Bolsheviki have been broken off and the Reds are only 48 miles from Warsaw, following the "disastrous defeat" of the Polish First and Fourth armies according to the official Moscow wireless and diplomatic dispatches received here.

The Bolsheviki occupied Brest-Litovsk on Sunday, taking prisoners and war booty, according to an official Moscow wireless message received.

The statement also said the Reds had occupied Szczuczyn, on the East Prussian frontier, and were advancing in the direction of Mazovetsk.

Fierce fighting was reported from the Crimea.

The Bolsheviki, through the Moscow radio, sent out word that the armistice negotiations had been abruptly ended because the Polish delegates were authorized only to parley for a temporary cessation of hotilities. They were told to return to Warsaw and get power to agree on peace terms. The next meeting, the wireless said, would be Thursday at Minsk.

It is the evident intention of the Bolsheviki to impose a merciless peace on the field of battle.

While the Polish delegates were on their way back to Warsaw the Bolsheviki delivered simultaneous smashes on the Lemberg and Warsaw fronts that have thrown both those important cities into imminent peril.

London, Aug. 4.—A Soviet wireless from Moscow proposes that the Polish, Soviet commissioners meet at Minsk Aug. 4, and that each side shall bring the necessary credentials so that they can bring about an immediate peace, according to a Warsaw dispatch.

K OF C MINSTREL NEWS

The local Knights of Columbus minstrel troupe players are in receipt of a letter from the authorities of Walter Reed Hospital expressing their thanks for the minstrel performance which the Alexandria organization put on at Walter Reed last week. Over 750 of the inmates of Walter Reed witnessed the performance, and following the minstrel the Post K of C Secretary provided a dance and refreshments for the entire number.

On September 4th the Alexandria troupe will journey to Colonial Beach for the purpose of performing at the resort for a charitable purpose. The entire group will leave Alexandria on the Saturday before Labor Day and remain over until the departure of the last boat on that date.

A large number of the members of the troupe will enjoy a straw ride to Glen Echo this evening in motor trucks that will leave the Lyceum about 7.30 o'clock.

SLOT MACHINE CASES IN COURT

Appeal Case Being Heard In Corporation Court

JURY IS TO DECIDE

This Case Will Determine Whether or Not Machines Can be Legally Operated in the City.

Whether or not certain nickle in the slot machines which heretofore have been allowed to operate in the city but which were put out of business by the police several months ago will be allowed to run will be determined this afternoon by a jury in the corporation court, Judge Robinson Moncure presiding.

One case will practically decide the others. This is the appeal case of J. W. M. Russell who on June 12 was fined $20 in the police court for having one in operation at his place of business. There are six other cases which will be determined upon the decision in this case. In three cases of persons fined they paid the fine of $20 today and withdrew the appeal.

Several Months ago the police cited persons in whose places of business these machines were in operation in the police court and this resulted in the imposition of fines in a majority of the cases of those cited. An appeal was taken from the decision of the police court and on the action of the jury this afternoon will depend whether or not these machines are legal or illegal. If declared not illegal they will, of course, be permitted to run.

The jury in the case is composed of S. M. Pulman, E. S. Goodloe, Mark R. Norris, Taylor Rudd and Harvey Henshaw.

The defendant is represented by Attorney Edmund Burke and the state is represented by Commonwealth's attorney Howard W. Smith assisted by attorney Albert V. Bryan.

SAYS YOUTH KILLED BOY

Three Boys Tell Buffalo District Attorney About Shooting of Edward Pokgrant

Buffalo, N. Y., Aug. 4.—Confessions made to the district attorney here yesterday by three boys allege that Norman Kelly, 15 years old, was the slayer of Edward Pokgrant, a Boy Scout, who was shot dead in the woods near Ebenezer on Sunday.

The boys, the confessions alleged, were in camp when Pokgrant and a companion rode up on a bicycle. Kelly, it is alleged, first shot the tires off Pokgrant's bicycle, and when the boy turned to run fired another that killed him.

SEIZE $2,100,000 OF LIQUOR

Chicago, Aug. 4.—Liquors valued at $2,100,000 have been confiscated by prohibition officers in the Chicago district since the Eighteenth Amendment became effective Jan. 16, Major A. V. Darymple, Prohibition Enforcement Chief, announced today.

During the same period liquor valued at $2,445,000 has been stolen in fifty-seven thefts, most of them from warehouses.

Republican Meeting

Committees Named on Various Issues

The city republican committee held a meeting last night and appointed committees to cover the various questions now at issue including labor farmers, soldiers, young men, women, suffrage and publicity. These committees will co-operate with the Congressional committee.

Committee are as follows: Charles Downey, labor; David Wolford, farmer; S. A. Forrest, young men; David E. Robey, woman suffrage and publicity; Kemp Rush, soldier.

J. A. Eggborn was chosen treasurer of the committee. It is announced that a city republican club will shortly be organized here.

LOWEST BIDDER ON BIG CONTRACT

Virginia Shipbuilding Corporation To Build Government Ship

LOWEST BID IS $2,493,000

Will Take Sixteen Months to Complete 10,000 Ton Passenger Ship—Will Employ More Men at Yards.

The Virginia Shipbuilding Corporation of this city out of seven bidders was the lowest bidder for the construction of a 10,000 ton steel passenger ship for the government which will be known as the Heyood.

The bids were opened today at the Navy Department and their bid was $2,493,000. The Navy Department reserves the right to withhold awarding the contract for a period of ten days. However, they invariably award all contracts to the lowest bidder. Therefore, there is no doubt about the company landing the work for building the big ship which will carry 1,500 men.

News was received here this afternoon and was the source of considerable gratification to the officials of the yards and to the citizens generally.

R. M. Much, assistant treasurer of the company, stated this afternoon that just as soon as the contract is formally awarded the company will proceed on the work of building the monster ship which is larger than any heretofore built by this company. All of the ships heretofore built by this company have been cargo carriers.

The time required for its construction will be sixteen months. This will mean more men will have to be brought here by the Virginia Shipbuilding Corporation as they will then work at least 700 men for the next sixteen consecutive months. Only 500 are now at work.

This company also expects other contracts in the near future and hope to keep things busy at the plant from now on.

DROWNS CHILDEN AND SELF

Arkansas Family Well-Night Exterminated by Mad Act of Father.

Little Rock, Ark., Aug. 4.—News was received here last night that William Crutcher, aged 40 a farmer living near Des Arc, Ark., threw his four little children in a Bayou, drowning them, and then drowned himself Sunday night. Mrs. Crutcher and her two older children were attending church, and returned to find the husband and younger children missing.

QUANTICO LAYS OFF 100

New Policy Inaugurated by Marine Corps Dispenses With Services of Civilians.

Fredericksburg, Va., Aug. 4.—In accordance with the new policy inaugurated by the United States Marine Corps, regarding the employment of civilians at the marine post at Quantico, 100 were laid off at Quantico. Included in the help dispensed with were carpenters mechanics, painters, plumbers, laborers and stenographers. A majority of the lay-off reside in this city. It is reported that by the 1st of September all civilian help will be succeeded by enlisted men.

FILING UP COAL

Danger of Famine Being Dispelled by Increasing Production.

Reports received by the Interstate Commerce Commission yesterday indicate considerably increased movement of coal as a result of the series of drastic orders recently issued by the commission to break up the widespread shortage.

As a result of these orders it was estimated by officials yesterday that bituminous coal production, which has hovered around 65 per cent of normal for nearly two months, will be stimulated to 90 per cent, possibly within the next thirty days.

CANARY'S FUNERAL

Band of 12 Pieces Follows Hearse at Rites That Cost Friends $100

Newark, N. J., Aug. 4.—A crowd estimated by the police at 10,000 persons, thronged the streets of the city last night to witness the funeral of Jimmie, the pet canary of Emido Russomanno, 65-year-old cobbler. Police reserves were called out to preserve order and clear the streets for the funeral cortege. Jimmie, described by its owner as possessing a "song as sweet as the voice of Caruso," chocked to death Sunday on a watermelon seed.

Leading the procession was a band of twelve pieces playing funeral dirges, followed by a hearse, bedecked with flowers and carrying a small white coffin in which the bird's body reposed. The old cobbler, tear stained and visibly affected, rode in a coach with a few intimate friends.

The cost of the bird's funeral, estimated at $400, was contributed by the cobbler's friends. When Jimmie died the old cobbler drew the blinds of his shop, hung out a sign, "Closed on account of Jimmie's death," put crepe over his door and went into deep mourning.

A tombstone, in the shape of a cross with a canary bird in its center, will be erected over the bird's grave near Branch Brook Park, the cobbler said

PURSUE BANDITS

Seek Six Men Who Robbed Bank at Moline, Ill., of $20 000 and Shot Barber.

Davenport, Iowa, Aug. 4.—An airplane driven by Lieut. F. C. Brierly and Fred Wallace, both men heavily armed, was started here Monday in pursuit of the bandits who robbed the Moline Commerical Saving Bank. When last heard from, the aviators were scouring Henry and Mercer counties in Illinois. The bandits are known to have escaped in that direction.

Moline, Ill., Aug. 4.—Six men entered the Commerical Savings Bank here just before noon yesterday locked bank officials in the vault and escaped with $20,000 after a running revolver fight with citizens and police.

Charles Mohler, a barber, was shot and probably mortally wounded. The robbers fled from the city in an automobile.

Parker Gray School

Subscriptions to Purchase Chairs for Auditorium

Did you visit the new Parker-Gray School when it was opened for inspection last month? If not, you missed a real treat. It is a beautiful building, a credit to our city and state.

We, the alumni association and friends of Snowden School, are very desirous of placing chairs in the assembly hall. We have done well so far, but we need more money and we must have it. This is an appeal to those who have not yet subscribed. Act now, please, so we can get busy and order the chairs and fit up the emergency room for temporary treatment of sick pupils and teachers.

We are sure you wish to be numbered among the subscribers.

We wish to put these chairs in the assembly room before school opens and we fully believe we can purchase them now at a lower price than at a future date.

Please act at once, or at your earliest convenience.

Will you not assist us? We know you will.

We must raise that $1,000. Will you not help? All contributions thankfully received.

Please send your subscriptions to R. D. Lyles, 616 South Columbus Street, Alexandria, Va., who will send you a receipt for amount given.

Remember, this school is for your children. Show your appreciation by giving something to this most worthy cause and give liberally as God has blessed you.

NATIONAL THRIFT WEEK JAN. 17-24

U. S. Lambert Chosen Chairman by Y. M. C. A.

PLAN AUTUMN WORK

Mass Meeting September 21—Y. M. C. A. Directors to be Host on That Occassion.

Alexandria is to observe National Thrift Week, January 17-24, 1921. This was decided at the regular monthly meeting of the Board of Directors of the Young Men's Christian Association at the Chamber of Commerce last night. U. S. Lambert was chosen chairman of the Economics Committee, which will have this work in hand.

National Thrift Week has been endorsed by practically every important financial and social organization in America and begins on the birthday of Benjamin Franklin, January 17. Mr. Lambert will immediately begin the organization of a strong committee to plan a most thorough campaign of thrift which will permeate every organization in the city.

It will be his intention to interest the banks, schools, religious organizations, industries and various other organizations of the city in a concerted movement to install thrift ideas and ambitions into every man, woman and child in the city and surrounding country. Mr. Lambert believes that the country needs thrift education and inspiration now even more than it did during the war and he promises that the committee of which he is the chairman will leave nothing undone to put the movement over 100 per cent in Alexandria.

Among other features of the meeting of the Y. M. C. A. Board last night was the decision to have a monster men's meeting at the Westminster Building the evening of September 21 to open the fall work of the association. The meeting will be a dinner affair and one of the international secretaries of New York is to be invited to be the principal speaker.

The Board of Directors will be the host of the evening and it is the intention to invite the men and young men from all walks of life to the dinner. The Association is an interdenominational movement of thoroughly democratic tendencies and this dinner will doubtless be one of the most representative gatherings of men ever held in the city. The Ladies Auxiliary of the Y. M. C. A. will be asked to take charge of the dinner part of the meeting, and this alone will insure a banquet that man would willingly turn down.

On account of the growth of the work of the Association it was decided that Secretary Wallace should open his office on a more pretentious scale in preparation for the busy winter program now being planned. A competent secretary is to be secured for Mr. Wallace and the office kept open daily in the Westminster Building. The new plan will probably be put into operation yet this month.

Secretary Wallace's monthly re-

CRUSHED TO DEATH

Luther J. Whitmore, jr., Killed in Crash Between Greenwood and Afton.

Richmond, Aug. 4.—Luther S. Whitmore Jr., aged twenty-one, of 1919 Stuart Avenue, was crushed to death yesterday evening at 7 o'clock beneath his automobile when the car got beyond his control and crashed down the mountain side on the road between Greenwood and Afton, Va. He was alone, having left Richmond Sunday on a soliciting trip among the farmers of the district for his commission firm on Thirteenth Street here.

As far as could be learned no one saw the accident. Mr. Whitmore was driving along the mountain road, having left Greenwood and being bent on reaching Afton last night. His car evidently got out of control on the road and crashed down the mountain.

GERMANS WANT PEACE.

The indeterminate nature of peace between this country and Germany has much to do with the feeling of unrest abroad, and interferes with business to an extent that causes incalculable harm, according to R. W. Balderston, secretary of the Inefstate Milk Producers' Association, who had just returned to Philadelphia from Germany, where he had gone under the auspices of the American Friends' Service Committee.

The Germans, he said, constantly want to know why America doesn't end the war. They seek a deep, international reason and try to explain it to their own satisfaction without success.

The German workman is sick of war, he said, and of anybody who would attempt to bring back the possibility of war. At the Krupp plant in Essen about 38,000 people are employed, but not one ounce of ammunition is made. Under the surveillance of the Allies, the Germans are smashing to pieces every machine and tool in that plant hitherto used for making arms and ammunition.

The Krupp works now turn out everything that can be made from iron, from a screw to a locomotive, including sewing machines, typewriters and every imaginable device used in office, factory or laboratory, but only for trading purposes. In locomotive repair shops 3500 are employed.

Instead of 12 hours a day, in two shifts, as formerly, they now work eight hours in three shifts. The policy of the present government is to get the people to work. In the textile industry, the mills work only three days a week, due to high cost of raw material.

The mining district is largely centred in the Ruhr district. In all there are about 4,000,000 people in the district. They produce enough food to last them a month, having to import whatever else they need.

Mr. Balderston describes the Teuton as the most patient and long-suffering creature in the world and said that all he needs is a restoration of normal trading conditions, the atmosphere of peace with the world, especially with America.

THE PEOPLE'S COLUMN.

Most papers of the larger cities devote daily two or three columns to letters sent by their readers. These missives often contain practical thoughts, and we never fail to read them in passing over exchanges. The following appeared this morning in a cotemporary:

"I wish that every individual who has the welfare of this country at heart would read the splendid address that Judge Harlan, of Belair, delivered before the Maryland Bar Association at Atlantic City. It contains an eloquent expression of simonpure Americanism and a just rebuke for those despicable mortals who are continually seeking to attend to your affairs instead of their own.

"I believe that a great deal of the unrest that we are experiencing can be attributed to the various groups of paid 'reformers', whose chief aim seems to be to take whatever pleasure they possibly can out of life by attempting to regulate the morals and habits of the American populace by means of legislation.

"The Federal Government, dominated by these 'reformers' and petty and narrow-visioned politicans, has usurped the granted powers of the several States to such an extent that the "State rights doctrine" is practically a relic of bygone days.

"The 'moral forces' insist that the electorate cannot be trusted to vote upon measures that vitally concern it, therefore, the people are denied the privilege (I care not say the right) to determine the wisdom of Federal and State enactments that tend to deprive and restrict them of the kind of freedom and independence that Bartholdi had in mind when he carved the Statue of Liberty.

THREE IMPORTANT Rs.

During the political campaign of publican competitor, Samuel D. Burchard, a lecturer and preacher in New York, made speech at a gathering of ministers, in the course of which he stigmatised the democrats by the words "Rum, Romanism and Rebellion." His thoughtless words alienated many who had previously determined to vote the republican ticket, and Cleveland was elected by most narrow margin.

Archbishop John Bonzano apostolic delegate to the United States, was celebrant yesterday at a pontifical mass at St. Patrick's Cathedral New York, as the opening event of the supreme convention of the Knights of Columbus. Bishop John G. Murray, of Hartford, Conn., who preached the sermon, declared that the three most important "r's" in modern life are religion, righteousness and respect for constituted authority. With these implanted in the hearts of the people, he said, there will be no danger of bolshevism.

What Women Say

A Wonderful Help for Women

"I simply could not bear to use a miserable old scrub board again! Clean Easy has been a revelation to me. I never dreamed that washing could be done so quickly, so easily, and so economically!"

That is the story of Clean Easy Naptholeine Wash Soap. From every part of the country women are enthusiastic in its praise.

And they are right! There never has been anything like Clean Easy for lightening housework. Just think—an average week's wash done in ten minutes, without rubbing or scrubbing, and for only a few cents!

Did you ever hear of anything like it? Here's all that's necessary: Soak the clothes overnight. Cut up ½ bar of Clean Easy into 4½ gallons of water. Boil, let chips dissolve and put in clothes. Stir for ten minutes, rinse, blue and dry. The whole job's done by half-past nine in the morning and you've got all of "Blue Monday" to enjoy yourself.

The easy Clean Easy way cleans better than a scrub board. It purifies and sterilizes. It is the one way to clean heavy overalls and work shirts without breaking your back.

Ask your grocer for Clean Easy. Notice how different it looks from other soaps. Follow directions on inside of the wrapper.

HOUSEHOLD CARES

Tax the Women of Alexandria the Same as Elsewhere

Hard to attend to household duties
With a constantly aching back.
A woman should not have a bad back,
And she seldom would if the kidneys were well.
Doan's Kidney Pills are endorsed by thousands.
Have been used in kidney trouble over 50 years.
Read what this Alexandria woman says:

Mrs. H. A. Miles, 1209 Prince St., says: "My back pained so I couldn't do my housework without a great deal of misery. I had sharp twinges through the small of my back over my kidneys and I felt weak and languid. Mornings I just hated to get up. My kidneys were sluggish. I only had to use one box of Doan's Kidney Pills before I could feel I was getting better. The pains eased up and my kidneys were regulated. In a short time I was entirely cured of kidney complaint."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Miles had. Foster-Milburn Co.,

VIRGINIA NEWS

Shot through the face while escaping from Campbell county police Monday, an unidentified negro, believed responsible for a number of recent holdups, has disappeared in the woods near Brookville. The negro was rounded up in a manhut with bloodhounds. He was captured after a long chase by Justice W. B. Steel, who turned him over to N. E. Deacon, a citizen who assisted in the chase. The captured man turned on Deacon, grabbed his revolver in the scuffle and escaped. Search for the other negro wanted by the police has been given up temporarilly.

Sergeant J. A. Otey, of the Second police district of Richmond, shot himself through the head while sitting in a room at his home yesterday morning. Sergeant Otey was born November 8, 1846 and was appointed to the police force September 11, 1876. He was a Confederate veteran, a member of the Fifteenth Virginia regiment in the war between the states. Death was almost instantaneous.

Operators in the central offices of the Lexington and Buena Vista Telephone Company went out on strike Monday morning demanding an increase in pay. The thirteen operators are paid $30 and $35 a month and they are asking for an increase of $20. Because the town council will not allow an increase of rates it is said the demand cannot be met, the profits last year being less than $200.

Ten thousand dollars from the District of Columbia is claimed by Mrs. W. D. Wood, of Charlottesville, for failure on the part of local authorities to convict anyone of the murder of her son, Emmett D. Wood, the 20-year-old soda clerk of Liggett's drug store, who was found slain in the basement of the Westory Building, Fourteenth and F streets northwest, September 19 last.

Cotton linters are to be used in the near future for the manufacture of print paper, it is announced in Washington. Cotton experts of the agriculture department hold the project feasible. Two large paper mills are now under construction, one at Hopewell. This plant will produce 300 tons daily or about 2,500 car loads a month, it was stated.

Hubert Groseclose, pilot, and Mark C. Bane a member of the corporation, were injured last Saturday when the plane of the Puluski Aero Corporation struck an air pocket and fell 250 feet to the ground. The aviators were making a landing following a flight. Mr. Bane was seriously, although not fatally, injured, but the pilot escaped with only a few bruises.

Veterans of the Blue Ridge (Eighteth) Division, C. S. A., assembles at Richmond today for the first annual reunnion.

John Johnson, a negro, was shot and instantly killed Sunday night at Basset, in Henry county, by John Dodson, also colored, who surrendered soon afterward. The negro, in jail, told the authorities that Johnson paid attentions to his wife.

HARRISON WINS

Voters in Second Virginia District Turn Down Advocate of Wets.

Winchester, Va., Aug. 4—After one af the bitterest political battles ever fought in this section of Virginia, Representative Thomas W. Harrison, of Winchester, was renominated by Democrats of the Seventh Congressional district over Col. Robert T. Leedy, of Luray, yesterday.

The fight was waged over the prohibition question. Col. Leedy, a war veteran, made his main issue the modification of the Volstead act.

It is estimated that Representative Harrison's majority will exceed 1,500. Leedy lost his own county by about 115 majority.

Incomplete returns indicate that Harrison has carried these counties: Clarke, 160; Frederick, 250; Greene, 115; Rockingham, 661; Rappahannock, 32; Shenandoah, 615; Charlottesville, 6; Winchester, 8.

Both candidates claimed Albermarle County, where the fight was close.

Republicans were allowed to vote all over the district, conditioned on their supporting the nominee.

Harrison will fight Capt. John Paul, the Republican candidate for election.

Richmond, Va., Aug. 4—Early returns last night indicated the nomination of Patrick Henry Drewry, of Petersburg, over Dr. Henry Clay Smith, of Crewe, for Congress in the fourth Virginia district.

State Senator J. T. Deal, of Norfolk, appeared to have a bulge on W. J. Kendricks, of Suffolk, in the fight to succeed Congressman Holland in the second district.

YOU NEVER CAN TAME A WILD CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides it may salivate you, while if you take Dodsons Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children they like its taste.

VILLA MADE POLICE CHIEF

Ex-Bandit Permitted to Keep 200 Men As State Constabulary

Washington, Aug. 4.—Under the terms of his "surrender" to the De la Huerta Government, Francisco Villa, rebel leader in Mexico, will be given command of the rurales, or constabulary, in the Mexican State of Chihuahua, according to an official report to the State Department from the American Consul at Piedras Negras.

The State Department report was the first that Villa's surrender provided for his command of the Chihuahua State constabulary. In his official command Villa will retain 200 picked men, the Consul reported, the remainder of his band to be mobilized or merged into the regular army at their will.

SENOR GALVAN DIES

Minister from Dominican Republic, Lawyer and Journalist

Washington, Aug. 4.—Senor Dr. Don Luis Galvan, Minister from the Dominican Republic, died suddenly of heart disease yesterday at the legation offices in the Champlain, at 1424 K street northwest.

Dr. Galvan was widely known as a lawyer and journalist, and held the offices of managing editor and editorial writer upon the staffs of a number of newspapers and magazines in Spain, the United States and his native country.

BULLET BREAKS KISS

New Yorker Shoots Wife in His Embrace Then Kills Himself

West Nyack, N. Y., Aug. 4.—As he bid her snuggle into his embrace for a final kiss before he left for the station [illegible] Harry S. Scott threw his right arm around his wife and fired a bullet which dropped her unconscious to the floor.

Scott, a new resident in West Nyack having recently moved here with his wife and nine months old twins, later was found in the woods near the Scott home. He had shot himself through the mouth and died.

opstairs. He laid her on the bed and then undressed her. Blood was flowing from the wound and Scott got some surgical gauze from the bathroom and stopped the wound.

Going down stairs, he stayed around for about three hours. The shooting was done shortly after 4 o'clock in the afternoon. It was nearly 7 when Scott called up Dr. S. W. S. Toms and said his wife was ill. Then he fled.

Dr. Toms sent Mrs. Scott to the Nyack Hospital for treatment. Sheriff Merritt, the district attorney and the State Troopers found the body of Scott.

From the neighbors and from Mrs. Scott, who has a fighting chance for life, the coroner was able to piece out the story of the tragedy.

GIANT AIR LINE

Germans Plan Dirigibles 800 Feet Long, With 300 Cabins

Paris, August 4.—The giant new transatlantic air line which German private enterprise is planning to establish will be operated with dirigibles greater than any which have heretofore been flown.

They will have 300 cabins, each with two beds and will be equipped with kitchens, lounging saloons and promenades the equal of those provided on the finest ocean liners.

It was learned here yesterday the ships will be from the basic designs of the German inventor Boerner whose crafts were said to be the models of the R-34—the ship in which British airmen sailed across the Atlantic Ocean and back last summer.

The new dirigibles are to be 800 feet long, 80 feet wide and 100 feet high. Motive power will be furnished by thirty-four gasoline motors, each of either 150 or 200 horsepower arranged so the ship can be navigated in all directions without the employment of ballast. The arrangement is such that a complete power breakdown or explosion will be impossible.

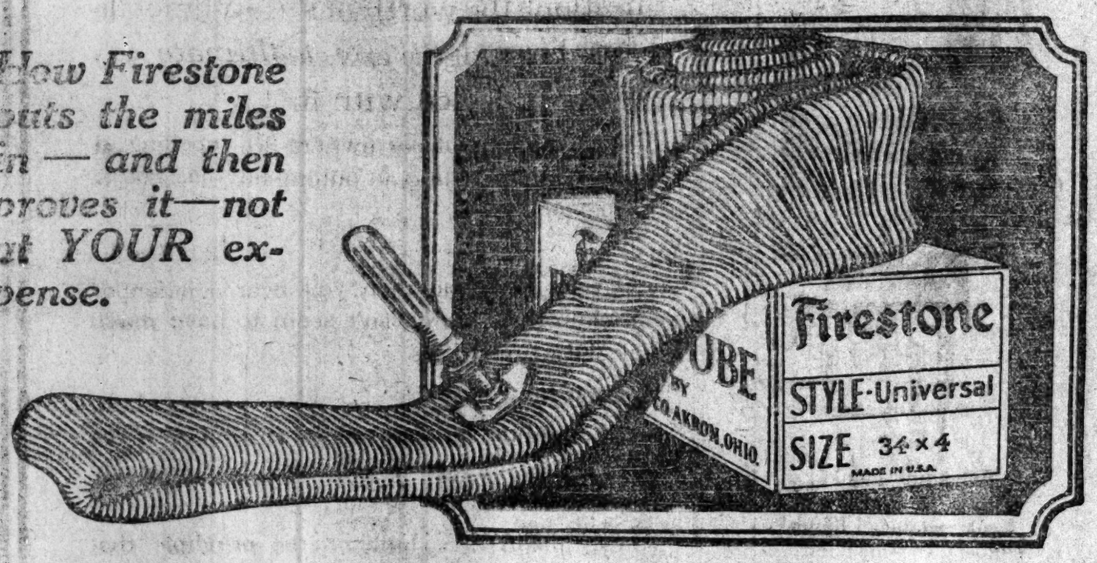
A big-scale road test on 3,200 tubes

How Firestone puts the miles in — and then proves it—not at YOUR expense.



No other tubes in the world are road tested on so big a scale as Firestones. The Yellow Cab Company of Chicago uses Firestone Tubes exclusively on its 800 taxi cabs. The service of these tubes is checked constantly—improvements and developments are arrived at.

By close watching of a large number of tubes in service—not confined to isolated instances, the conclusions are accurate and definite.

Firestone puts the best in materials into tubes by establishing purchasing experts at Singapore, center of the world's rubber market. Firestone puts the best in workmanship into tubes by organizing the crack manufacturing organization of the industry on a profit-sharing basis.

And then subjects the finished product to this big-scale road test—in order to get you more for your tube money and more miles out of your tires. And yet Firestone Tubes cost no more than the ordinary kind.

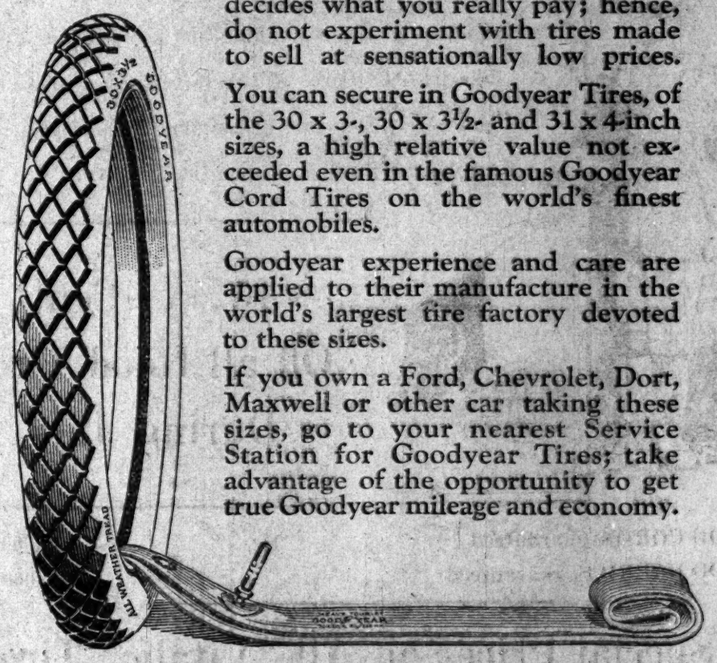
Ride *Farther* on Goodyear Tires in Your Small Car



It is tire performance, not price, that decides what you really pay; hence, do not experiment with tires made to sell at sensationally low prices.

You can secure in Goodyear Tires, of the 30 x 3-, 30 x 3½- and 31 x 4-inch sizes, a high relative value not exceeded even in the famous Goodyear Cord Tires on the world's finest automobiles.

Goodyear experience and care are applied to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires; take advantage of the opportunity to get true Goodyear mileage and economy.

His Internal Machinery

—"Wonderful what a machine like that can do, isn't it, Jim? Takes a barrowful of stones, some cement and water and in a few minutes your stuff is ready to slap into the moulds."

—"Sure—wonderful. But just let the mixture get dry and harden in the machine and there is trouble. It reminds me of my own internal machinery—gets in a jam every once in a while."

—"What's your trouble?"

—"Constipation."

—"What? Why, you poor incompetent! Do you mean to say that spending nine or ten hours a day out in the fresh air and sunshine and with all the healthful physical work you get, you allow constipation to trouble you? You shouldn't even know the meaning of the word. Look at me. I am an office man—sedentary job. About the only things I exercise are my brains and my fingers. And yet I'm never bothered by constipation."

—"No? I thought most of you pencil-pushers were. What's the deep secret?"

—"Oh, just common sense and the occasional use of Nujol."

—"Nujol? I've heard of it. But I take salts, pills, or castor oil to fix me up."

—"Listen here. Those medicines that you take 'to fix you up' only give temporary help and tend to make constipation chronic."

—"Doesn't Nujol?"

—"No; Nujol works on an entirely new principle.

—"*Nujol keeps the food waste soft*, so that the many little muscles in the walls of the intestines, contracting and expanding in their normal way, are able to squeeze the food waste along and out of the system."

—"Say! You're quite a little spellbinder, aren't you? But you seem to be talking sense. I'm going to try a bottle of this Nujol."

—"That's the idea! I'll tell you, Nujol has been the salvation of lots of people. When I come down here next time you'll have a different story to tell about your 'innards'. You'll be fit as a fiddle. It's pleasant stuff to take, too, and absolutely harmless."

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet, "Thirty Feet of Danger".

RICHMOND—"What's Your Husband Doing?"

One of the funniest farces ever presented on the speaking stage, "What's Your Husband Doing" will be shown tonight at the Richmond Theatre.

And, take our word for it, it's one of the funniest pictures ever made. It's all about jealous wives and husbands, and it's a solid laugh from first to last.

Furthermore, the stars are Douglas MacLean and Doris May, whom you saw in "23 1-2 Hours' Leave." This was their first starring vehicle. They made a wonderful hit in it. "What's Your Husband Doing?" is just as funny.

It's a Thomas H. Ince production, a Paramount-Artcraft picture.

INGOMAR—Madlaine Traverse.

"The Spirit of the Good," a Wm. Fox's special production will be show tonight at the Ingomar Theatre. Pathe Weekly News also.

J. T. Deal Defeats W. J. Kendrick By Mere Than 2,000.

Norfolk, Va., Aug. 4.—By a majority of more than 2,000 votes, J. T. Deal, of Norfolk, member of the Virginia State senate, yesterday defeated W. J. Kendrick, of Suffolk, for the Democratic nomination for Congres in the Second district. Deal's victory is hailed by the wet political element as a signal demonstration of their contention that the pendulum has swing back since 1916, when the Second district voted for prohibition in the election which made Virginia dry.

"LAWYER CONGRESS" OPPOSED

There are too many lawyers in Congress, in the opinion of officials of the American Federation of Labor, who are making a drive to elect men in sympathy with the aims of union labor. They point out that of the 531 members of the last Congress, 365 were lawyers and only sixteen members held union cards.

This, it is claimed, is an unfair proportion, as there are only 125,000 lawyers in the United States as against 25,000,000 union workers.

Smashes Into Jail Before Militia Can Be Mobilized

Center, Tex., Aug. 4.—A mob of more than 1,000 men yesterday afternoon stormed the county jail, battered down the steel doors, wrecked the steel cell and took out Lige Daniels, negro, charged with the murder of Mrs. Maggie Hall, and hanged him to a limb of an oak tree in the courthouse yard.

The lynching followed announcement of a confession made to the grand jury.

Capt. W. A. Bridges, commanding Company L, Seventh cavalry, received wire instructions from Austin to prevent the lynching, but he was unable to find any of the members of his company in time for mobilization.

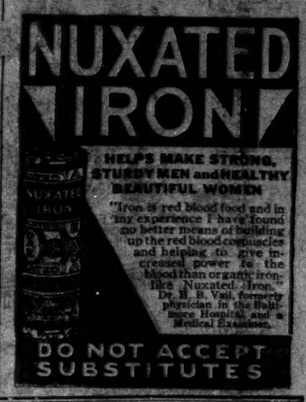
REDS FOUND GUILTY

Chicago Communists Sentenced Under Illinois Sedition Law

Chicago, Aug. 4.—William Bross Lloyd and nineteen other members of the Communist Labor party were convicted by a jury in Criminal Court last night of violating the Illinois sedition law.

Lloyd, a millionaire who for years has been a leader among Chicago Socialists, was sentenced to from one to five years in the penitentiary and a fine of $2,000. Arthur Proctor, proprietor of a Chicago book store where radical literature was sold, was also given the maximum penalty.

Seven other defendants were given penitentiary sentences and fines ranging from $1,000 to $2,000 and eleven others were given jail sentences of one year.



NUXATED IRON
HELPS MAKE STRONG, STURDY MEN and HEALTHY BEAUTIFUL WOMEN
"Iron is red blood food and in my experience I have found no better means of building up the red blood corpuscles and helping to give increased power to the blood than organic iron-like Nuxated Iron." Dr. H. B. Vail, formerly physician in the Baltimore Hospital, and a Medical Examiner.

MAKE it easier to get around and you make *healthier* and *happier* communities. No one any longer questions the worth of the automobile—or begrudges any *legitimate* expense connected with it.

But millions of car owners are rebelling at the idea that running an automobile has got to mean *waste*.

II

Every now and then you hear a neighbor complain that "he doesn't seem to have much luck with tires."

Send him to us.

The minute a man begins to *question the service* his tires are giving him, he's ready to listen to reason.

Our business is built on the principle that the only way to get better *tire service* is to get *better tires* to start with.

That's why we have taken the representation for U. S. Tires.

III

U. S. Tires have a reputation for quality.

Built up through years of creating better tires. Such as the *straight side* automobile tire, the *pneumatic* truck tire.

It is not by chance that U. S. Tires are made by the *oldest* and *largest* rubber concern in the world.

We are proud to represent U. S. Tires in this community.

Select your tires according to the roads they have to travel:

In sandy or hilly country, wherever the going is apt to be heavy—The U. S. Nobby.

For ordinary country roads—The U. S. Chain or Usco.

For front wheels—The U. S. Plein.

For best results—*everywhere*—U. S. Royal Cords.

Do You Keep Your Word?

When you go into a store and make a purchase and wish to have it charged, does the merchant hesitate, refuse or grant your request? Either one or the other he will do and will have a reason for doing so. You are responsible for his action as the following will explain:

Hesitation

A merchant has goods to sell and the majority of them sell on credit. If such a merchant hesitates to extend credit, it is from the fear that you will not meet your obligation. Perhaps dealings you have had with him before may not have been satisfactory and he hesitates to take another chance. Perhaps he may have heard from other sources that you are slow pay or don't pay at all. But regardless of the reason, bear in mind that it is you who are responsible for it. The merchant wishes to sell, is willing to sell on credit, but in your case he is just wondering whether you will ever pay at all if he lets you have the goods charged without paying for them before the goods leave the store.

If things actually go against you and sickness, death or other causes beyond your control, force you into debt, don't try to escape from the responsibility. Let the people whom you owe know of your honest intentions and you will fin d every one willing to help you and give you the needed time to meet your obligation.

Refusal

If your dealings with merchants on credit have brought loss to them, you can not expect otherwise but what your request for goods to be charged will be refused. As in the case of the merchant who hesitates you are responsible for credit being refused to you. You can not blame a merchant for not taking a risk when he knows by his own experience, or that of other merchants, that you are irresponsible and wilfully refuse to pay for the goods that you have obtained on your mere word to pay.

Granting

It is a good deal of real satisfaction to be able to go into a store and ask to have goods charged and know that the merchant will gladly give you the time in which to pay for them that you desire. Perhaps it has been hard to meet some of the bills in the past that you have met when due. When you want further accommodation the granting of same is more than a reward for keeping your word, tho it might have been a hardship. Any merchant who extends credit at all, is willing to open a charge accoun with those who have a reputation for paying their obligations and such a reputation is always worth really more than actual money in the bank and will pay bigger dividends.

Don't Hide Under a Cloak of Misfortune

Don't feel because you have been reckless and went into-debt beyond your means that any one is to blame for it besides yourself. If you had not wanted the goods on time, you would not have asked for them. It is very easy to abuse the privilege of credit and for one to go beyond their means to pay. If you are such a one, don't feel that you are unfortunate. Just realize that you lacked wisdom and acted unwisely. Don't feel because you are so heavily involved that you can clear yourself only by repudiating your debts or refusing to pay for same. If you have got yourself in a hole dig out, it may be hard work and it may take a real long time, but it will be worth it in the end. If you are honest at heart, you'll have no desire to do anything else. In re-establishing your credit, the first step is to stop getting in deeper. From the resolution that each pay day will see you a step nearer the top. Make a schedule by which you can regulate your expenditures, so that they will be less than your income and thus leave you a small sum each pay day to use in reducing the unpaid bills which you should meet. This is the only way in which you can dig your way out. Follow this plan and soon you will be able to wipe out the load of debt hanging over you and which should cause you so much uneasness.

When you accept credit and refuse to make your word good, you are acting as dishonestly as if you were taking his goods without his consent. You who dodge your debts may think you can get by, but sooner or later it will cost you more than it would be to be honest as honesty always pays the best in the end.

NATIONAL THRIFT WEEK JANUARY 17-24

(Continued from Page One)

port stated that he had been away from the city a part of the month on account of ill health, but in spite of this the report showed considerable activity on the part of the Association. The Sunday school attendance campaign was mentioned and the fact that it is now becoming so close interested every member of the board. With only three more Sundays to go the contest seems to be anybody's and no one will even venture to say who the winners will be.

A summary of the secretary's report is as follows: 5 health talks to 300 men, 5 addresses to 865, or a total of 11 addresses to 1165 hearers; 2 picnics, 1 athletic meet, three committee meetings, 1 board meeting, 4 visits to city playgrounds, and made 78 calls.

The Secretary stated that he was trying to make the month of August a month of rest but had already made several engagements, mostly to assist the ministers of the city who are away on their vacations.

TREASURE FOUND

Steam shovel Scops up $25,000 in Solid Coin and Jewelry.

Treasure, estimated at $25,000, including gold coins, jewelry a gold slipper and pendants was unearthed by workers near the Lincoln Memorial, according to a report to the Washington police last night.

The workers were operating a steam shovel. Immediately there is reported to have obtained the slipper and a handful of rings so encrushed with dirt that it was impossible for him to determine whether they were diamonds.

A bystander said the foreman untied his handerchief and showed him $240 in $20 gold pieces blackened with age. Scraping the dirt from three of the coins, he read the dates —1851, 1854 and 1876—the bystander said.

Many years ago the spot was under water, being part of the Potomac River which was since confined to narrower channels by a wall.

A canal meandered along the edge of the present excavation and an old sand wharf was located in the vicinity. The canal was filled in when the wall was built many years later.

Three Great Bargains

11 rooms and bath on Pitt street, lot about 80x125; elevated position, plenty shade, wood work in perfect condition, needs papering and electric lights, at small expense can be made one of the most attractive homes in the city, or can, inexpensively, be converted into apartments, paying a very handsome return on the investment. The price is ridiculously low. Investigate this.

Six rooms and bath, brick, with corner store, a combination home and business proposition that can't be surpassed; in perfect condition, newly papered, electric lights etc. People who know, say this property would be cheap at $1,000 more than we are asking.

Nothing pays better than a good large rooming house, we have a handseme brick structure, containing about 30 rooms, large yard and plenty shade; has been paying about $150 per week net; could be converted into apartments at little expense; fully furnished and can be purchased at the very low price of $16,000. The prices on the above properties are low under any and all conditions.

Almost as Much Saved as You Spend for These

Beautiful Sport Silks

Which are worth from $7.00 to $8.50 a yard. Tomorrow's price, a yard $3.95

In a number of instances you actually save more than you spend.

The reason for the lowered price lies in the fact that a maker was changing his looms and wanted to dispose of this lot of silks at once. We quickly seized the opportunity for our patrons, and here you have this most unusual chance to buy 40-in. wide plain and fancy silks in the season's choicest effects very greatly under price.

"There's a Reason"

Good Light Lightens Labor : :

Lighting the kitchen is like lighting a factory. Good lighting quickens production, as the factory man would say. In other words, it makes work go faster without the expenditure of any more energy.

Of all places needing more light and better light the kitchen in most homes is one of the most important. And when you have doubled or trebled the light in your **work** rooms, try it also in your **living** rooms.

If you find that doubling or trebling the illumination there mean glaring light, **don't** cut down the amount of lighting again —**shade** the light better! Keep the direct rays from striking the eye. Throw some of the light to the ceiling and walls.

In every socket —in every room from cellar to garret—use only

EDISON MAZDA LAMPS

If you will do that, you will find that a great deal more light in the room is decorative, pleasing and restful. It's not the amount of LIGHT that you find irritating in some rooms, but the amount of GLARE.

OUR METER MEN REPORT THAT A NUMBER OF OUR CUSTOMERS ARE USING CARBON LAMPS. WHY NOT BE UP TO DATE? USE MAZDA LAMPS—BETTER LIGHT—LOWER BILLS.
